

INSTALLATION INSTRUCTIONS

18629 rB

Installation - Cone/Felt Cone

1. Thread Cone Diffuser clockwise onto Cone Stem Assembly.
2. IF optional Felt Shade is included place between Cone Diffuser and Cone Stem Assembly before threading on Diffuser.

Installation - LEDs

1. Lower LED head into track in desired location until it snaps in place.
2. Heads can slide throughout the track once snapped in.
3. Repeat process until all LED heads are installed.
4. Congratulations! End of guide.
