OTHER DATA

Distinguished by its proportionality and geometry, the Rec collection discovers - and conquers - the outdoors. This new outdoor wall washer retains the slender complexion of the interior wall fixture with a 180° projection that bathes ceiling and walls. It is available in two versions depending on the source of the light, in a unidirectional version, with an upward or downward option, and in a Double version, unique for its bidirectional flow. In both, its lighting is ambient and deeply pleasant.
