

Vitis Cord Specification Form

Please fill out form and return signed for accuracy of your desired specification

Considerations:

- Total length of the cord cannot exceed 100 ft from power to the last globe.
- Z length is not powered and will come in a standard 11' length unless specified.
- Length must be rounded up to the nearest foot.

Vitis 7

Power

A B C D E F G Z

Vitis 5

A B C D E Z

Vitis 3

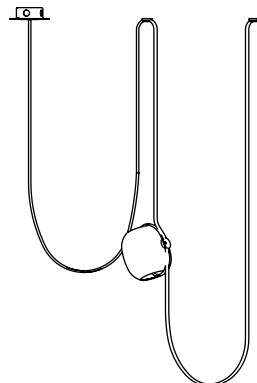

A B C Z

Vitis 1

A Z

Z section of the cord is not powered

Length between sections is calculated as a straight cord. The final slope and curvature will depend on each installation and the placement of the ceiling grips.
